7/7 Japan into recession as virus bites

<https://www.bbc.co.uk/news/business-52570721>

Japan's household spending has slumped at a record pace as measures to slow the spread of the coronavirus kept people at home.

Government figures show household spending dropped by 16.2% in May from a year earlier. The worse than expected fall was the fastest rate of decline since comparable data began in 2001.
